

Message Notes - YouVersion Bible App

Three Ways to Access YouVersion Bible App Message Notes

1. On Sunday, go to valleycreek.org/youversion or vctxt.me/YouVersion. Both of these links will open the YouVersion Bible App to the current Sunday's message notes.
2. On Sunday, open the YouVersion Bible App, click on the "More" tab, and then click "Events." In the search bar, type in our zip code or search "Valley Creek Church" and select your campus.
3. After Sunday, go to the Circle Guide (valleycreek.plus/guides), click on the past weekend's Circle Guide, then click the "Message Notes on YouVersion" button. This will open the YouVersion Bible App to that weekend's message notes.

**You must have the [YouVersion Bible App](#) downloaded, or it will open in your phone's browser and not let you take notes as easily.*
